

Model Ordering Process

Texas School has provided you a model credit of \$200 for each modeling session in which you were photographed. You may apply your \$200.00 credit (coupon) after you have selected the prints of your choice, by using an easy online ordering system. This easy to use ordering system allows you to only use **one coupon number per session or instructor**, but you may also choose to order more photographs than your credit provides by supplying your credit card in the shopping cart at checkout. Remember you can share viewing your images with family and friends.

Your session coupon will be emailed to you along with a link to the images taken of you by the instructors.

On May 18th, following Texas School, you will receive an email notifying you that your online modeling event is ready to view and place orders. Your email will contain a password and coupon code that you will need to enter when you checkout. Note: Your site will only be available for viewing and ordering till June 30, 2009, so don't delay!

To view and order:

- Click on the link in the email.
 - The site will present you with a password request. Enter password from email.
 - Your images will be divided up by instructor. Click on the instructor's name to view your images.
 - Click on an image to see a larger view. Click on the view pricelist and select the products you would like.
 - Once you have finished with your selections click the view cart button in the upper left of screen.
 - Review your order and press "Pay" button
 - Enter your shipping, billing and credit card information
 - Enter the coupon code from the email in the coupon field.
- The coupon is only good one time, so be sure to use all of your credit. When finished, click "submit order".

Your order will be professional produced from a wide selection of print sizes and photo products. Your selection of photographs will be subtracted from your first order. As we noted above, you may use only one coupon per session and it can only be used once. You may return to the site and view or order until the end of the availability. When concluding check-out of the shopping cart you will be required to pay for any additional purchases over your credit, and pay a small shipping and handling fee that will require a credit card at the checkout,

Should you experience any problems or have questioned regarding the above procedure please contact us at: ross@bwc.net
